Workshop: Research on research subjects and Data Management for Master (and very engaged Bachelor) students

Digitalisation makes it possible – connect with up to 300 Master (and very engaged Bachelor) students worldwide

Especially for Master (and highly motivated Bachelor) students:

The Path2Integrity team would like to invite you to a 6-h-workshop on **"Research on Research Subjects and GDPR",** to learn and discuss about norms of proper data management and how to explain and justify proper data management. We want to challenge you to choose practices that respect the rights of others as well as support your own work. We will emphasize the principles of findable, accessible, interoperable and re-usable (FAIR) data while describing their limitations.

When: 18.5.2021
At what time: 3-10 PM CEST
Who: Master (and very engaged and highly motivated bachelor) students
**Registration:** Adriana.Patzelt@stud.hs-coburg.de
All participants will receive a professional certificate signed by P2I and the European Commission.

Path2Integrity offers a solution:
A six-hour workshop for you

Path2Integrity has developed a six-hour workshop. The workshop, which is led by university professor Dr. Prieß-Buchheit, is based on the European Code of Conduct for Integrity in Research (ALLEA 2017).

In an engaging way and through a dialogue with English-speaking Master and (highly motivated) Bachelor students from all over the world, up to 300 participants will be introduced to the topic of **"Research on Research Subjects and GDPR"**. All participants will be asked to actively engage in dialogue with their peers on this topic.

ALLEA – All European Academies (2017) The European Code of Conduct for Research Integrity, Revised Edition, Berlin, 2017
https://www.allea.org/wp-content/uploads/2017/05/ALLEA-European-Code-of-Conduct-for-Research-Integrity-2017.pdf

Path 2 Integrity

The workshop includes the following learning objectives:

•Introduces (future) researchers to norms of proper data management
•Builds the competency to explain and justify proper data management
•Challenges (future) researchers to choose practices that respect the rights of others as well as support their own work
•Emphasizes the principles of findable, accessible, interoperable and re-usable (FAIR) data while describing their limitations

How does the six-hour workshop work?

Working conditions: Each student needs an internet connection and a PC/tablet to work with. Up to two students can work together on one device at a time.

Until 16th May 2021

A test run conducted by Path2Integrity: Does the technology work? How do I log into the system? What does the workshop start with?

18th May 2021

3.00 – 3.45 pm CEST	Welcome and introduction by **Prof.in Dr. Julia Prieß-Buchheit**
3.45 – 6.00 pm CEST	Self-directed processing of the tasks
6.00 – 7.00 pm CEST	Second meeting and discussion
7.00 – 9.00 pm CEST	Self-directed processing of the tasks and dinner
9.00 – 9.30 pm CEST	Third meeting
9.30 – 10.00 pm CET	Final discussion
10.00 pm CEST	End

All participants receive a Certificate of Completion signed by Prof. Dr. Prieß-Buchheit, Isidoros Karatzas, Head of the Ethics and Integrity Department of the European Commission and Katharina Miller, ethics expert and partner of Path2Integrity.
